Service Provider to Design and Implement the Online Tourism Marketing Educational Seminar

I. BACKGROUND

One of the Domestic Promotions Department's (DPD) commitments is the conduct of a tourism marketing educational seminar. A seminar that provides up-to-date information and an enhanced understanding of tourism trends, best practices, new marketing approaches to increase the marketability of tourism destinations while promoting sustainable and responsible tourism, and to achieve global competitiveness and promote travel excellence.

Target participants are tourism and marketing officers from the Local Government Units (LGUs) and the Department of Tourism Regional Offices (DOT ROs) nationwide. The implementation of this tourism marketing seminar will be via a digital platform in light of the restrictions due to the COVID-19 pandemic. The confirmed participants will attend one (1) run equivalent to a 2-day session or 5.0 learning hours.

This year's topic, "***Negotiation Principles and Pitching Tour/Destination Packages in the New Normal,***" highlights a skill that is recognized as an integral aspect of the promotion and presentation of a product offering. Participants will be able to learn tips on how to negotiate and deliver a good sales presentation. As we keep up with the constant changes in the industry, such as the adaptation to the 'new normal,' there is a need to use these skills to their advantage when it comes to spot-on negotiations.

The last run in December will be "***Monitoring and Evaluation: Negotiation Principles and Pitching Tour/Destination Packages in the New Normal,***" wherein we consolidate

information on the progress of each participant, using indicators or tools to measure if the program implemented was according to its plan (monitoring) and was executed to produce the desired results (evaluation).
