I. BACKGROUND

In 2019, the Philippines was chosen to host the 21st World Travel and Tourism Council (WTTC) Global Summit originally scheduled for 2021. The WTTC Global Summit brings together over 800 delegates led by key officials from the United Nations World Tourism Organization (UNWTO), tourism ministers from renowned global tourist destinations, Chief Executive Officers (CEOs), Presidents, and Chairpersons of large and renowned travel and tourism enterprises worldwide - from airline companies, hotel and resort property chains, destination management companies, travel and tour companies, global distribution systems, transportation providers, and allied businesses.

During the three-day WTTC summit, global industry leaders together with invited guests, speakers and participants will discuss opportunities, challenges and issues facing the industry. Concrete solutions will be drawn up to address issues and challenges, while strategies and action plans will be formulated to take advantage of opportunities, and will eventually be pursued across countries and regions through private and public collaboration. Summit deliberations are expected to contribute to the formulation of global tourism policies and agenda, as well as shaping the future of travel and tourism in regions and destinations.

The summit also organizes different platforms that highlights the cultural and economic value of the global tourism industry, including, among others, the global leaders' forum, educational plenary sessions, executive meetings, press conferences, bilateral government meetings and media interviews featuring prominent leaders, international speakers, media personalities and celebrities.

Finally, the summit will also feature a travel and trade exhibition, networking events and pre- and post-conference tours that is designed to provide the host destination with opportunities to showcase its featured destinations.

The 2022 edition of the WTTC Global Summit will be held in a hybrid format with an estimated 650 participants physically attending the meetings, with 1,000 attendees from many parts of the world participating through a virtual platform.

As support to the WTTC and to take advantage of the opportunity to showcase our destinations, the TPB shall be offering curated post tours to interested delegates that will highlight the Philippines' rich culture and heritage, nature and adventure and explore our island destinations.
