

ANNEX B: TECHNICAL SPECIFICATIONS

SUPPLY AND DELIVERY OF ENTERTAINMENT AND TECHNICAL REQUIREMENTS FOR THE PHILIPPINE MOTORCYCLE TOURISM RIDERS CIRCUIT IN CEBU AND ANNIVERSARY

(As of 07 October 2022)

Indicative Dates : 21-22 January 2023

Venue : Cebu City

I. BACKGROUND:

The Philippine Motorcycle Tourism is a fast-growing niche market in the Philippines, whose numbers are increasing up to the present. Significant islands in our country are being explored by motorcycle – the unspoiled landscapes, beautiful and serene coasts, green forest wildlife, and natural splendors. This is a marginal practice with special habits where taking the road, riding styles, and camaraderie play essential roles. This motorcycle tourism is an excellent example of the unusual and marginal nature of this tourism.

Capitalizing on the tourism potential, the TPB Philippine Motorcycle Tourism Program collaborated and partnered with the Department of Tourism (DOT) and various motorcycle rider clubs and associations in the Philippines.

TPB will initiate the PMT Tourism Rider's Circuit in Cebu and Anniversary on 22 January 2023. This will be a long week celebration for the PMT Anniversary nationwide that the initial kick-off will be held in Cebu city. TPB will invite an estimate of 1,000 motorcycle enthusiast and motobloggers/vloggers nationwide to attend the said event.

II. OBJECTIVES

- 1.To help rebuild the confidence of the traveling public to travel domestically and eventually for the tourism industry to bounce back from the negative impact of the recent COVID-19 pandemic crisis.
- 2.To encourage more motorcycle sports enthusiasts to engage in a motorsport's tourism activity as a potential niche tourism product.
- 3.To tap motor riders as domestic tourism ambassadors who will help promote the Philippines as a country of fun and diverse experience.
- 4.To instill a culture of tourism and pride of place among the riders as well as advocate responsible and sustainable tourism.
- 5.To promote road safety travel among the participants and adapt the government's safety guidelines and protocols in the hospitality industry as a new normal.
